## **"BUILDING BONDS AND CREATING MEMORIES: ROSEDALE GALWAY PROJECT SUCCESS**

We are thrilled to announce the successful completion of one of our projects, Rosedale School Galway. Throughout this journey, we not only achieved our goals but also formed beautiful connections with the community.

Spending time with the kids at Rosedale Galway was an enriching experience, witnessing their smiles and joy as they explored the newly completed facility brought us immeasurable satisfaction. In a heartwarming gesture, the children kindly surprised us with a heartfelt gift - a breathtaking painting. This painting is a constant reminder of the meaningful impact we can create when working together with the community, and it serves as a token of appreciation that motivates us to continue our mission of making a positive difference in people's lives. We extend our deepest gratitude to the children of Rosedale Galway for their kindness and the cherished memories we will forever hold close.

# PROCON'S LATEST ACHIEVEMENT

Procon are delighted to have obtained the three ISO certifications for Quality (ISO 9001), Environmental Management (ISO 14001), and Health and Safety Management (ISO 45001). These certifications serve as a testament to Procon's commitment to delivering excellent products and services, resonating with numerous clients and customers. ISO standards are vital in promoting quality, consistency, and safety across industries, providing numerous benefits to businesses. Obtaining ISO certification enhances reliability, instills confidence in stakeholders, and demonstrates compliance with international regulations.

These standards improve performance and efficiency, optimizing operations, satisfying customers, and opening doors to new markets. Financially, ISO certification attracts clients and suppliers, leading to increased revenue and risk reduction. Sustainability is addressed by examining resource usage, energy consumption, and waste management, while ISO standards also foster innovation and assure consumers of safe and reliable products or services.

# A look back at *July*

During the month of July, the factories have been diligently working on producing modules for various projects and sites.

this month only they have successfully manufactured:  
30 modules for St. Colmans and 31 modules of MNA units .

The projects currently underway include:

- **Clondrohid with 13 modules,**
- **Glandore with 5 modules,**
- **Newport with 8 modules, and**
- **St. Joseph's with 5 modules.**

In addition to the projects, there are several sites in the process of being handed over, indicating their completion or nearing completion.

These sites include:

- **Clonturk,**
- **Grange,**
- **Gaelscoil Reachrann,**
- **Buttervant,**
- **Rosedale.**

These sites showcase the successful outcome of the hard work and dedication put into the manufacturing process.

Overall, the factories' activities during July reflect a commitment to delivering quality modules and completing projects, enabling the successful operation of various sites.

## DID YOU KNOW ?

Did you know that the Irish modular industry is revolutionizing construction in a eco-friendly way? By embracing off-site construction methods, Ireland is tackling housing shortages and creating cool modular buildings, from student accommodations to groovy healthcare facilities. With reduced construction time and a sustainable approach, the modular revolution is taking the Emerald Isle by storm, making it a hip and happening scene in the world of construction!

## Final thoughts...

We hope that this newsletter becomes a valuable resource for you, offering insights, updates, and a glimpse into the vibrant world of Procon Modular. Thank you for your continued support, and we eagerly anticipate sharing more news with you in the coming months.

To enhance the quality of our Monthly Newsletter and ensure its utmost effectiveness, we cordially invite you to share your valuable feedback and suggestions. We greatly value your input in shaping the content that best aligns with your interests and preferences. Should you have any exciting news or noteworthy updates to share with us, we encourage you to reach out.

Your participation in a brief feedback is vital, as your insights will play a crucial role in making the Newsletter an indispensable resource for all members of our company. We genuinely appreciate the few moments it will take to send us your feedback.

Thank you for being an integral part of this collective effort to create an exceptional Monthly Newsletter experience.
